Quality Testing Declaration

Heliae tests every single manufactured lot/batch of PhycoTerra® and PhycoTerra® Organic for quality attributes, including label guarantees, and that the product is free from contamination, including any CA/AZ Leafy Greens Standards pathogens (i.e. *Salmonella*, *Listeria spp.*, *E.coli* O157:H7, other *E.coli* EHEC strains, and coliforms) . Additionally, all lots/batches are held on site until results of the testing are obtained and shown to be favorable.

A handwritten signature in blue ink, appearing to read "Kevin G Korth".
